ENA 8

All-round design with touch operation

The elegantly compact one-cup machine now comes with especially simple touchscreen operation combined with artificial intelligence. The touchscreen display puts all your favourite coffees right at your fingertips, while an algorithm identifies your personal preferences and adapts the start screen automatically.

The ENA 8 boasts 12 carefully selected specialities, even incorporating the latest trends such as cortado and caffè Barista. The perfect cup of coffee isn't created by chance, but through innovations such as the VC compact brewing unit, which ensures that the coffee always flows into the cup under ideal conditions. The Pulse Extraction Process (P.E.P.®) intensifies the aroma of a short ristretto or espresso. Fine foam technology creates airy, feather-light milk foam for a cappuccino or other specialities.

Full Metropolitan Black

Winding arterial roads pulsate as they cut their way between apartment blocks. The hustle and bustle of city life. Cafés, boutiques. Countless neon signs illuminating the night sky. The artificial glow of office lighting. Light and shade. Light and dark. Black and white. This is the world of international metropolises and the colour world of the ENA 8 in Full Metropolitan Black.

Benefits at a glance

- Compact: just 27.1 × 32.3 × 44.5 cm
- Stunning: all-round design with chrome accents and curved water tank with a diamond pattern
- Simple: TFT touchscreen colour display with artificial intelligence
- Masterful: 12 specialities at the touch of a button – including cortado and caffè Barista

ENA 8

Technical overview

Specific advantages	
No. of individually programmable specialities	12
Smart mode (artificial intelligence)	■
One-Touch function	■
Intelligent preheating	■
Intelligent Water System (I.W.S.)	■
Compatible with J.O.E.®	■
Wireless ready	■
Recognition for second, ground coffee	■
Monitored drip tray	■
Aroma preservation cover	■

JURA standards	
Pulse Extraction Process (P.E.P.®)	■
Variable VC compact brewing unit, from 6 g to 10 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.©)	■
Grinder	Multi-level Aroma G3 grinder
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid systems	1
JURA fine foam technology	■
Milk system	HP1
Maintenance status display	■
Integrated rinsing, cleaning and descaling programme	■
Integrated milk system rinsing and cleaning programme	■
JURA hygiene: TÜV-certified	■
CLARIS filter cartridge	CLARIS Smart / CLARIS Smart mini
Energy Save Mode (E.S.M.©)	■
Zero-Energy Switch or power switch	■

Settings and programming options	
Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	10 levels
Programmable brewing temperature	3 levels
Programmable temperature of hot water	3 levels
Programmable switch-off time	■

Design and materials	
Display	Touchscreen colour display
Amber/white cup illumination	■

In figures	
Height-adjustable dual spout	68 – 138 mm
Height-adjustable hot-water spout	68 – 138 mm
Water tank capacity	1.1 l
Bean container holding capacity	125 g
Coffee grounds container (servings)	approx. 10
Cable length	approx. 1.1 m
Voltage / Power	230 V ~ / 1450 W
Current	10 A
Stand-by power	0 W
Weight	9.4 kg
Dimensions (W × H × D)	27.1 × 32.3 × 44.5 cm
Colour	Full Metropolitan Black
